Posterbeiträge:

1. Michael Soukenik, Anne Diehl, Martina Leidert, Linda J. Ball, Dirk Labudde, Dietmar Leitner, Volker Sievert, Konrad Büssow, Dorit K. Nägler, Annette Lechner und Hartmut Oschkinat:
“The SEP domain of p47 acts as a reversible competitive inhibitor of cathepsin L”
EMBO Practical course “Multidimensional NMR in Structural Biology”, Il Ciocco, Lucca, Italy, 15-20 August 2004
2. Michael Soukenik, Anne Diehl, Martina Leidert, Linda J. Ball, Dirk Labudde, Dietmar Leitner, Volker Sievert, Konrad Büssow, Dorit K. Nägler, Annette Lechner und Hartmut Oschkinat:
“The SEP domain of p47 acts as a reversible competitive inhibitor of cathepsin L”
International Conference on Structural Genomics ICSG 2004, Washington, DC, USA, 17-21 November 2004

Symposiumsbeitrag:

3. Michael Soukenik
„The structure of the human p47 SEP domain – new ideas for a possible function“
PhD-Symposium MDC/FMP, Campus Berlin-Buch, 6. Juni 2004

Publikationen:

4. Michael Soukenik, Anne Diehl, Martina Leidert, Linda J. Ball, Dirk Labudde, Dietmar Leitner, Volker Sievert, Konrad Büssow, Dorit K. Nägler, Annette Lechner und Hartmut Oschkinat:
“The SEP domain of p47 acts as a reversible competitive inhibitor of cathepsin L”
FEBS Letters 576 (2004) 358-362
5. Michael Soukenik, Livia Otte, Hartmut Oschkinat und Ricardo JM. Pires
„structural basis for LIPPPPPL peptide recognition by the human Gas7 WW domain“; (in Vorbereitung)
