An dieser Stelle möchte ich allen danken, die zum Gelingen dieser Arbeit beigetragen haben.

Zuerst möchte ich meiner Familie danken, die mich immer unterstützt hat, besonders in den letzten schwierigen Jahren. Weiterhin gilt mein Dank Fabian, der mich immer selbstlos in allen Belangen begleitet hat.

Mein Dank gilt Prof. H. Oschkinat, für Fragen immer ein offenes Ohr zu gehabt zu haben.

Ich danke herzlich Dr. R. Volkmer für die Möglichkeit der Durchführung dieser Doktorarbeit, für die gute Betreuung, die fachlichen Ratschläge und fruchtbaren Diskussionen.

Besonders herzlich möchte ich mich bei Ines Kretzschmar bedanken, die mich von Anfang an in allen Fragen selbstlos unterstützt und mich in diesem Projekt hilfreich begleitet hat. Auch allen anderen Mitgliedern (auch ehemaligen) der Arbeitsgruppe "Molekulare Bibliotheken" möchte ich für fachliche und moralische Unterstützung danken: Dr. B. Ay, Dr. P. Boisguerin, J. Bongartz, Dr. C. Drösel, Z. Fidan, A. Hayungs, M. Hovestädt, I. Jäger, C. Landgraf, K. Landgraf, R. Leben, A. Leichsenring, C. Mahrenholz, J. Müller, Dr. L. Otte, Dr. M. Portwich, Dr. A. Schlosser, Dr. R. Stigler, M. Streitz, V. Tapia und A. Weiser.

Ich bedanke mich bei allen Mitgliedern der Forschergruppe 475, besonders bei N. Bandur und Prof. R. Seckler. Weiterhin gilt mein Dank den Mitgliedern des FMP-Berlin, besonders Dr. S. Tremmel, H. Holtmann, H. Nikolenko und Dr. S. Keller.

Zuletzt danke ich allen anderen, die mich in jeder Hinsicht unterstützt haben.
