

LIST OF TABLES

	<u>Page</u>
Table 3.1 List of chemicals	30
Table 5.1 Growth information about moderately halophilic microorganisms.....	46
Table 5.2 Whole cell protein concentrations determined by Bradford Method.....	47
Table 5.3 List of identified proteins of moderately halophilic bacteria, <i>Halomonas salina</i> (DSMZ 5928)	59
Table 5.4 List of identified proteins of moderately halophile, isolate No.6 ...	60
Table 6.1 Summarized overview for a number of studied protein spots.....	90
Table 6.2 An overview of Isolate No 6 proteins identified using MALDI TOF MS, ESI-QTOF MS/MS and N-terminal analysis.....	96
Table 6.3 An overview of <i>H. salina</i> proteins identified using MALDI TOF MS, ESI-QTOF MS/MS and N-terminal analysis.....	99
