

9. ACKNOWLEDGEMENTS

When I think how I got here where I am now I am aware of a debt to many people without whom I would never be here. It would be a written history to thank to everyone who played his or her part and supported me on the way. This is just a list of the names but each of you supported me well on my way. Thank You.

Professor Ulrich Keilholz, Professor Wiesław Wiktor Jędrzejczak, Professor Eckhard Thiel, Professor Carmen Scheibenbogen, Professor Ewa Bartnik, Professor Elżbieta Jagusztyn-Krynicka, Karin Heufelder, Vania Coelho, Carola Mücke, Ulf Petrausch, Anne Letsch, Anne Marie Asemissen, Antonia Busse, Markus Rojewski.

Special thanks for Karin Heufelder and Robert Godal for measurement of the expression of the genes in the carcinoma cell cultures and tissue samples and kind agreement to show this results here.

Last but not least, the special thanks for my mother and my wife for the love, patience and support that they give me.
