

Erratum

Erratum to “*In situ* Si isotope and chemical constraints on formation and processing of chondrules in the Allende meteorite” [Geochimica et Cosmochimica Acta 304 (2021) 234–257]

The publisher regrets an error in Eq. (1) that appears in the published article, where $\frac{1}{2}$ is presented as 12. The full, correct equation appears below, and has been corrected in the online article.

The publisher would like to apologise for any inconvenience caused.
