

Acknowledgements

Special thanks to my supervisor Prof. Dr. Arturo Zychlinsky for his help, commitment and the vast knowledge he was always willing to share. Further for the choice of the topic of my thesis.

I would like to thank Prof. Dr. Wieler, my Doktorvater for his interest, support and the correction of my thesis.

Dr. Yvette Weinrauch for her long emails from New York, with many good tips and hints for the project; or yet another important publication.

Dr. Robert Hurwitz for his work on the HPLC and for answering many questions, Dr. Monika Schmidt and Dr. Volker Brinkmann for their work on the mass spectrometry and electron microscopy.

Yvonne Uhlemann for getting the BSL 3 lab started.

Dr. Wolfgang Beyer for supplying us with the *B. anthracis* strains.

All the members of the lab, thanks a lot for your support and many good times. Special thanks to Petra Averhoff, who put up with me during the not-so-good-times.

Meiner Mutter, vielen Dank für die Energieströme die flossen und die Geister die gebannt wurden

Meinem Vater, Danke für die Vermittlung seiner aufmunternden Lebensphilosophie
,Life is insane and all is in vane'

Der Babsi, Danke für die Erinnerung, dass es noch andere wichtige Themen ausserhalb der Naturwissenschaften gibt

Und für den Carsten einen dicken Schmatz und ich freue mich auf Georgien
