Strategic Field Strenghtening the Una Europa Focus Areas	Goal/Activity Establishing Interdisciplinary Hubs	Action/Deliverable Transformation of SSCs into interdisciplinary hubs	high	UnaFutura	Cluster	Lead University / Body	Estimated Costs Status	Cross-focus area coordination needed, External funding strategy linked to the strategies, appointed support to the academics appointed to SSCs, Broadening the community ensuring diversity, annual Una Europa events to bring together researchers from various disciplines	Challenges Engaging the academics - no funding available for the activities
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	Development of strategies and action plans for the SSCs	high	UnaFutura	WP4; Tasks 4.1, 4.2, 4.3	Lead: Leiden; Others: SScs, Vzw		Central elements of the strategies include interdisciplinary research, supporting early-career researchers, the interface of research and teaching, joint educational formats, as well as collaboration across Focus Areas. The priorities set by the SSCs will guide the development of the Una Europa investment pathways, which will identify resources necessary for implementation. Important to identify services available and needed for the activities: Una.Resin outcomes and cluster ws outcomes evaluations should be studied carefully. Important to make the funding pathways as easy as possible for the academics at SSCS: each university should appoint a point of contact for funding support. This	
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	Development of Una Europa signature formats for education and research	medium	UnaFutura	SSCs			Applied across Focus Areas: summer and winter schools, research semesters, grant matchmaking, science events, digital catalogues (catalogues piloted in Una.Resin) as well formats on transversal skills. Systematically communicated, evaluated and refined. Una Europa vzw will coordinate collaboration across Focus Areas. Resourcing of the joint formats will be addressed in the Una Europa	Funding of the formats, cross-focus area collaboration
								formats will be addressed in the Una Europa External Funding Strategy. Important to make the funding pathways as easy as possible for the academics at SSCS: each university should appoint a point of contact for funding support. This person should be familiar with the external funding strategy. Coordinated by Una Europa vzw with the support of senior research professionals of the Research Coordination Cluster and other relevant clusters. Important factors in the	
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	Establishment of a new Una Europa Focus Areas Consortium building for HE pillar II calls: Identifying topics, Annual matchmaking	high					decision-making process will be the potential of the suggested Focus Area to garner a sufficient number of researchers from across disciplines, be a leader in this field of inquiry, potential opportunities to collaborate with already existing interdisciplinary initiatives and centres, and its potential to deliver joint formats. In the process, the broader researc community as well as specific stakeholders and the Future UniLab should be engaged through facilitated online and in-person workshops and events.	
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	including collecting EIOs and workshops (1 per Focus Area), educating the researchers on the call particularities On-line Consortium building for HE consortium calls: Identifying topics, Annual	low		Vzw, RCC	VZW		Process piloted in Una.resin	Appointing facilitators,, truly interdisciplinary match-making, matching collection of the EOIs with the processes of the universities
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	matchmaking including collecting EIOs and workshops, x per Focus Area, educating the researchers on the call particularities on-line and on-site sessions, travel funding provided	lmeallm		Vzw, RCC	VZW		Process piloted in Una.resin	Appointing facilitators,, truly interdisciplinary match-making, matching collection of the EOIs with the processes of the universities
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	Consortium building for HE and other EC funding consortium calls: Identifying topics, Annual matchmaking including collecting EIOs and workshops, x per Focus Area, educating the researchers on the call particularities on-line and on-site sessions, travel funding provided, networking of the knowledge transfer professionals of the participating universities to the preparation to identify new non-academic collaborators. Including Una Europa African partner universities to the proposal preparation.	high		Vzw, RCC	VZW		Process piloted partly in Una.resin.	Appointing facilitators,, truly interdisciplinary match-making, matching collection of the EOIs with the processes of the universities
Strenghtening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs	Supporting the identification of non-European funding for the focus areas	medium		Vzw			Part of Una Europa External funding strategy. Level of ambition has to be set, when deciding on how broadly Vzw can support identification of both European funding instruments as well as others and what are the processes. Has to be communicated well.	
Strengthening the Una Europa Focus Areas Strengthening the Una Europa Focus Areas	Establishing Interdisciplinary Hubs Strengthening Collaboration Beyond Academia	Mutual learning on interdisciplinary research, institutional and European levels Map existing engagement practices and institutional support frameworks for citizen	high		Citizen Engagement			Una Europa stands out as an alliance of research universities that host impactful research centres, institutes, and initiatives that pursue interdisciplinary approaches. Some of these specifically aim at stimulating multi-, trans-, or interdisciplinary research that bridge the gap between the social sciences and humanities on the one hand and science, technology, engineering, and mathematics on the other. If we enhance collaboration of the existing initiatives among each other and with the Una Europa Focus Areas, our Continuing the work started in Una. Resin, we will map existing practices in citizen engagement and citizen science and institutional support frameworks promoting the best	No identifies groups yet to coordinate this. Hart to estimate the outcome and resourcing needs. Potential for EC funded projects though.
Strengthening the Una Europa Focus Areas	Strengthening Collaboration Beyond Academia	engagement and citizen science Pool resources to develop training on how to engage the public in meaningful ways—from science communication to citizen science	low		Cluster Citizen Engagement Cluster Communication Leads			models to Una Europa institutions and beyond. Pooling of the resources can lead to the development of the joint training	
Strengthening the Una Europa Focus Areas	Strengthening Collaboration Beyond Academia	Publishing of best practices/training material of citizen engagement on Una Europe website: citizen science and science communication	low	Read comment	/Citizen Engagement Cluster Communication Leads /	vzw comm officer		The results of the mapping will be published on Una Europa website.	
Strengthening the Una Europa Focus Areas Strengthening the Una Europa Focus Areas	Strengthening Collaboration Beyond Academia Strengthening Collaboration Beyond Academia	Showcasing citizen engagement projects via Una Europa channels Inclusion of citizen engagement training in joint education formats	low medium	UnaFutura	Citizen Engagement Cluster WP4/Citizen Engagement Cluster	vzw comm officer		The objective is rising the awareness of different forms that citizen engagement practics can have During Una.Resin the OER on citizen science was created as a pilot project. It can serve as a base for an integrated course on participative research skills that will be suggested to early career researchers	
Strengthening the Una Europa Focus Areas Strengthening the Una Europa Focus Areas	Strengthening Collaboration Beyond Academia Strengthening Collaboration Beyond Academia	Development of policy recommendations in the field of citizen engagement network events for Una Europa TTOs	high		Citizen Engagement Cluster transfer cluster/TTOs			The objective is to promote and support the creation and maintenance of institutional frameworks that promote and sustain societal engagement.	Difference in national policies

Strengthening the Una Europa Focus Areas	Strengthening Collaboration Beyond Academia	annual transfer event	medium	UnaFutura	WP6				
Strengthening the Una Europa Focus Areas	Training Researchers of the Future	Joint training on transversal themes						Themes: impact on policy, initiatives on well-being, citizen science methods	
Strengthening the Una Europa Focus Areas	Training Researchers of the Future	Joint training in Interdisciplinary methods and research cultures	medium	UnaFutura, SSCs	WP4; Task 4.6	Leiden, SSCs		The Task description mentions only PhD candidates. Should be applied to all early career researchers R1, R2. Should include training on different research methods, epistemological frameworks, and publishing cultures, but also do dynamics and timeframes of interdisciplinary research collaboration differ from research based on the single disciplinary tradition as well as research career training.	
Strengthening the Una Europa Focus Areas	Training Researchers of the Future	Adressing the risk of interdisciplinary research careers	high					Interdisciplinarity causes career risks especially for those early career researchers who position themselves as connectors between disciplines. Una Europa partners will develop support structures and skills training for interdisciplinary research and seek solutions to the problem of interdisciplinary academic positions in university departments that are defined by traditional disciplines. Una.Resin WP3 deliverables D3.1 and D3.2: mapping and recommendations for human resources strategy. ! BoD has agreed that reforming the research assessment should not be a priority of Una Europa. This is done already for example in CoARA initiative	HR related issues largerly under national legistlation
Strengthening the Una Europa Focus Areas Strengthening the Una Europa Focus Areas	Training Researchers of the Future Training Researchers of the Future	Mapping of existing open transversal skills resources Joint doctoral educational formats	low high	UnaFutura UnaFutura	SSCs, doctoral ed cluster			We will map out existing open educational resources and explore ways to share online courses offered by our institutions seamlessly and communicate opportunities effectively within the SSCs and beyond. Building networks of trainers in these areas will be pivotal to this goal.	
Strengthening the Una Europa Focus Areas	Training Researchers of the Future	Joint training in open research practices	medium	tbd	OSC			We envision that this training will be integrated into all educational pathways and form a central part of the Focus Areas. While most of our partner universities already offer training programs on various priorities of the EU Open Science policy, such as the "Future of Scholarly Communication," including Open Access and funding, and "Open Data: FAIR Data," such as data management and publishing, we recognize the need to refine and expand these programs through sharing best practices. Additionally, we strive to organize seminars for PhD students and researchers to provide guidance on how to evaluate research outputs without relying on traditional metrics like journal impact factor.	
Strengthening the Una Europa Focus Areas	Training Researchers of the Future	Regular online events on career/funding opportunities at partner institutions (recorded, published, shared w African partners)	low	tbd	RCC			These events will be recorded and made available online. Additionally, we will extend access to these events to our African partner universities and other priority partners. We also plan to offer joint masterclasses on ERC funding and other national initiatives to equip our researchers with the skills and knowledge needed to prepare competitive grant proposals. We believe that providing our researchers with such training will not only increase their chances of securing funding but also enable them to conduct impactful
