

## Literaturverzeichnis

ACKERMAN, R. A., und RAHN, H. (1981):

In vivo O<sub>2</sub> and water vapor permeability of the hen's eggshell during early development.  
Respir. Physiol. 45, 1-8

ACKERMAN, R. A., und G. M. RAMM (1971):

Effects of 5 days of hypoxia on the blood of chick embryos.  
Teratology 4, 445-452

ADAIR, T. H., A. C. GUYTON, J. P. MONTANI, H. L. LINDSAY, and K. A. STANEK (1987):

Whole body structural vascular adaptation to prolonged hypoxia in chick embryos.  
Am. J. Physiol., 252, 1228-1234

AKESTER, A. R. (1971):

“The heart”. In: Bell, D. J., and B. M. Freeman: Physiology and Biochemistry of the Domestic Fowl; Vol. 2  
London, Academic Press, Pp. 745–774

ALTIMIRAS, J., and L. PHU (2000):

Lack of physiological plasticity in the early chicken embryo exposed to acute hypoxia  
J. Exp. Zool., 286 (5): 450-6

ANVERSA, P., and B. NADAL – GINARD (2002):

Myocyte renewal and ventricular remodelling.  
Nature, 415, 240-243

ANVERSA, P., C. BEGHI, S. MC DONALD, V. LEVICKY, . KIKKAWA, und G. OLIVETTI (1984):

Morphometry of right ventricular hypertrophy induced by myocardial infarction in the rat  
Am. J. Pathol., 116, 504-513

ARMSTRONG, M. T., D. Y. LEE and P. B. ARMSTRONG (2000):

Regulation of Proliferation of the Fetal Myocardium.  
Dev. Dyn. 219, 226-236

ASSON-BATRES, M. A., M. K. STOCK, J. F. HARE and J. METCALFE (1989):

O<sub>2</sub> effect on composition of chick embryonic heart and brain.  
Resp. Physiol. 77, 101-110

BAUMANN, R., S. PADEKEN and E. A. HALLER (1983):

Effects of hypoxia on oxygen affinity, hemoglobin pattern, and blood volume of early chicken embryos.  
Am. J. Physiol. 244, R733-R741

BAUMANN, R., S. PADEKEN and E. A. HALLER (1982):

Functional properties of embryonic chicken hemoglobins.  
J. Appl. Physiol., 53(6),1439-48

- BAUMANN, R. E. GOLDBACH, E. A. HALLER, und P. G. WRIGHT (1984)  
Organic phosphates increase the solubility of avian haemoglobin D and embryonic chicken haemoglobin.  
Biochem. J., 217, 767-771
- BECKER, D. L., J. E. COOK, C. S. DAVIES, W. H. EVANS and R. G. GOURDIE (1998):  
Expression of major gap junction connexin types in the working myocardium of eight chordates.  
Cell Biology International, 22, No. 718, 527-543
- BELLAIRS, R., and M. OSMOND (1998):  
The Atlas of the chick Development.  
London, Academic Press, Pp. 187-205
- BEN-SHACHAR, G. R., A. ARCILLA, R. V. LUCAS and J. F. MANASEK (1985):  
Ventricular trabeculations in the chick embryo heart and their contribution to ventricular and muscular septal development.  
Circ. Res., 57, 759-766
- BENNETS, B., H. BURNETT, and C. G. DOS REMEDIOS (1989):  
Differential coexpression of alpha actin genes within the human heart.  
Cell. Cardiol., 18, 993-996
- BICAL, O., P. GALLIX, M. TOUSSAINT, P. LANDAIS, D. GAILLARD, J. KARAM, and J. Y. NEVEUX (1990):  
Intrauterin versus postnatal repair of created pulmonary artery stenosis in the lamb. Morphologic comparison.  
J. Thorac. Cardiovasc. Surg., 99, 685-690
