## 7 Appendix

### Acknowledgements

I would like to express my highest gratitude to the following people for their support during the course of my study.

First of all, I thank Prof. John Blenis for the opportunity to come to his lab and for supervising me. I am very grateful for his guidance and encouragement that he has provided during the course of this study.

I want to thank Professor Ferdinand Hucho for his generous support as my supervisor.

I want to thank Kathy Martin and Leon Murphy who helped me to get started in the Blenis Lab for their advice and encouragement.

I want to thank all the Blenis Lab members for their support and friendship, in particular Diane Fingar, Celeste Richardson and Sue-Ann Woo for the critical reading of my manuscripts, advice and discussions.

Special thanks to Saskia Brachman, Marion Schmidt and Andrew Tee for critical reading of my thesis and for advice.

Thanks to my parents and my friends for support throughout my studies.

Thanks to Rene Maehr for his patience and support.

This work was supported in part by the Boehringer Ingelheim Fonds. I would like to thank Monika Beutelspacher and Herman Froehlich for creating a warm and friendly environment for the BIF fellows.

---

**Curriculum Vitae**

**Name:** Stefanie Sandra Schalm

**Anschrift:** Harvard Medical School  
 Department of Cell Biology  
 240 Longwood Ave.  
 Boston, MA 02115  
 Phone: (617) 432 4849  
 Fax: (617) 432 1144

**Geburtsdatum/Ort:** 08.07.1974, Berlin-Köpenick

**Ausbildung:**

## Schule:

1981-1990	Dr. Arvid-Harnack-Oberschule in Berlin Köpenick (Allgemeinbildende Polytechnische Oberschule)
1991-1994	Gerhart-Hauptmann-Gymnasium in Berlin Köpenick
1994	Abitur Note: 1.4

## Univeristät:

10/1994- 09/1999	Studium der Biochemie an der Freien Universität Berlin, Berlin
---------------------	---

## Abgelegte Prüfungen:

1996	Vordiplom: sehr gut
1999	Diplom: sehr gut

seit 3/2000

Promotion, Harvard Medical School,  
Cell Biology, Boston im Labor von  
Prof. Dr. Blenis

**Wissenschaftliche**

**Tätigkeiten:** 1997-1998 Tutor am Institut für Biochemie der  
FU Berlin für das  
„Proteinbiochemische Praktikum“ des  
Dozenten Werner Schroeder

**Stipendium:**

2000-2003

Boehringer Ingelheim Fonds (Ph.D.  
Fellowship)**Mitgliedschaft:**

seit 1997

Mitglied der Gesellschaft fuer Biochemie  
und Molekularbiologie (GBM)**Tagungen/Konferenzen:**

2001 - poster

Summer Research Conference, "Protein Kinases",  
Snowmass, MD, USA. "Regulation of S6K1 by PI3K and  
mTOR signaling".

2001

84<sup>th</sup> International Titisee conference, "The actin  
cytoskeleton: from signaling to bacterial pathogenesis",  
Titisee-Neustadt, Germany.

2002- poster

ASCB 42<sup>nd</sup> Annual Meeting, San Francisco, CA, USA.  
"Identification of a conserved motif required for mTOR  
signaling".
