Buchkapitel:

1. Müller, R. H., Radtke, M., Wissing, S. A., SLN and NLC, in: *Encyclopedia of Nanoscience and Nanotechnology* (akzeptiert).

Zeitschriftenartikel:

1. Radtke, M., Müller, R. H., Nanostructured lipid drug carriers, *New Drugs* 2, 48-52 (2001).
2. Radtke, M., NanopureTM: pure drug nanoparticles for the formulation of poorly soluble drugs, *New drugs* 3, 62-68 (2001).
3. Müller, R. H., Radtke, M., Wissing, S. A., Solid lipid nanoparticles (SLN) and nanostructured lipid carriers (NLC) in cosmetic and dermatological preparations, *Adv Drug Del Rev* 54 (Suppl. 1), S131-S155 (2002).
4. Müller, R. H., Radtke, M., Wissing, S. A., Nanostructured lipid matrices for improved microencapsulation of drugs, *Int J Pharm* 242, 121-128 (2002).

Proceedings:

1. Radtke, M., Müller, R. H., Comparison of structural properties of solid lipid nanoparticles (SLNTM) versus other lipid particles, *Intern. Symp. Control. Rel. Bioact. Mater.* 27, Paris, 309-310 (2000).
2. Radtke, M., Müller, R. H., Stability study of creams containing cyclosporine SLNTM, *Intern. Symp. Control. Rel. Bioact. Mater.* 28, San Diego, 472-473 (2001).
3. Radtke, M., Müller, R. H., Novel concept of topical cyclosporine delivery with supersaturated SLNTM creams, *Intern. Symp. Control. Rel. Bioact. Mater.* 28, San Diego, 470-471 (2001).
4. Radtke, M., Müller, R. H., Semisolid NLC®-dispersions as a dermal delivery system - production and characterization, 4th World Meeting Pharm., Biopharm. and Pharm. Technology, Florence, 1167-1168 (2002).

5. Radtke, M., Müller, R. H., Semisold NLC®-dispersions for the topical administration of cyclosporine A, 4th World Meeting Pharm., Biopharm. and Pharm. Technology, Florence, 1165-1166 (2002).
6. Müller, R. H., Radtke, M., Wissing, S. A., Nanostructured lipid carriers (NLC) - the next generation after the solid lipid nanoparticles (SLN), 4th World Meeting Pharm., Biopharm. and Pharm. Technology, Florence, 673-674 (2002).
7. Müller, R. H., Radtke, M., Nanostructured Lipid Carriers (NLC) as solidified emulsions - the new carrier generation, World Congress on Emulsions, Lyon/France (2002).
