“Citations to Previously Published Work”.

The work presented in this dissertation was accomplished during the time from November 2003 through May 2006 at the Department of Physics of the Freie Universität Berlin under supervision of Prof. Felix von Oppen, PhD.

Thesis adviser:

Prof. F. von Oppen, PhD

Second referee:

Prof. Dr. E. K. U. Gross

Third referee:

Prof. Dr. K. Schönhammer

Date of thesis defense: July 20th, 2006

Laughter is the sun that drives winter from the human face.
VICTOR HUGO (1802-1885)

*Dedicated to my
late grandparents.*
