

0 Abkürzungsverzeichnis

| | |
|-------|--|
| APO | Apolipoprotein |
| AUC | area under the curve |
| ATCC | American Type Culture Collection |
| B | Breite |
| bFGF | basic fibroblast growth factor |
| C | Komplementfaktor C |
| CHAPS | 3-(-Cholamidopropyl)dimethylammonio-1-propansulfat |
| Cl | Clearence |
| D | Durchmesser |
| DFG | Deutsche Forschungsgemeinschaft |
| DTE | Dithioerythrit |
| EDTA | Ethyldiamintetraacetat |
| EGF | endothelial growth factor |
| FBS | fetal bovine serum |
| Flk | fetal liver kinase |
| Flt | fetal liver tyrosin kinase |
| HDL | high density lipoproteins |
| HEPES | N-2-Hydroxyethylpiperazin-N-2-Ethylsulfonsäure |
| i.a. | intraarteriell |
| IgA | Immunglobulin A |
| IgG | Immunglobulin G |
| i.p. | intraperitoneal |
| i.v. | intravenös |
| i.z. | intrazerebral |
| KG | Köpergewicht |
| KDR | kinase domäne region |
| L | Länge |
| LD | letale Dosis |
| LDL | low density lipoproteins |
| MG | Molekulargewicht |
| MLV | multi lamellar vesicles |
| NAK | Natriumchlorid-Albumin-Gelatine-Lösung |

| | |
|------------|--|
| NKH | Natriumchlorid-Kaliumchlorid-Hepes-Lösung |
| NP 40 | Nonidet P-40 |
| PBCA | Polybutylcyanoacrylat |
| PBS | phosphor buffer saline |
| PDA | Piperazindiacylamid |
| PEG | Polyethylenglycol |
| PEO | Polyethylenoxid |
| pI | isoelektrischer Punkt |
| pIF | isoelektrische Punktfokussierung |
| PLGA | Poly-lacid-co-glycosid |
| PMMA | Polymethylmethacrylat |
| PPO | Polypropylenoxid |
| PS | Polystyrol |
| p35 | Protein 53 |
| Q25 | 1. Quartil |
| Q75 | 3. Quartil |
| RES | Retikuloendotheliales System |
| RPMI | Roswell park memorial institute |
| s.c. | subcutan |
| SDS | Natriumdodecylsulfat |
| SUV | small unilamellar vesicles |
| TEMED | N, N, N',N'-Tetramethylethyldiamin |
| Tris | Tris(hydroxymethyl)-aminomethan |
| tumorfrei. | tumorfrei |
| tumortrag. | tumortragend |
| UKCCR | United Kingdom Co-ordinating Commitee on Cancer Research |
| VEGF | vasculare endothelial growth factor |
| Vc | Verteilungsvolumen |
| V | Volumen |
| W/O | Wasser in Öl |
| www | world wide web |
| WHO | World Health Organisation |
| ZNS | Zentralnervensystem |
| 2-D | zweidimensional |
