

8. Publications

- **Bhardwaj A**, Welfle K, Misselwitz R, Ayora S, Alonso J.C. and Welfle H (2006) Conformation and stability of the *Streptococcus pyogenes* pSM 19035-encoded β site-specific recombinase, and identification of a folding intermediate. (Under revision with Journal Biological Chemistry).
- **Bhardwaj A**, Welfle K, Misselwitz R, Gerdes K and Welfle H (2006) Biophysical characterization and *in vitro* stability of the RelBE toxin - antitoxin system of the *E. coli* K-12 plasmid addiction system (In preparation).
- **Bhardwaj A**, Francuski D, Saenger W and Welfle H (2006) Analysis of conformational and thermal stability of RelBE toxin -antitoxin system from *Methanococcus jannaschii* (In preparation).
