

Acknowledgement

First of all, prayerful thanks to our Merciful God who gives me every thing I have.

I am very grateful to the Egyptian Government, Ministry of Higher Education for granting me a scholarship to do my studies at Free University in Berlin, Germany.

I would like to express my deep gratitude and grateful thanks to **Prof. Dr. B. Hertsch** for his supervision, kind advice, encouragement, generous help, valuable discussion and interesting follow up which made the completion of this work possible.

I would like to express my gratitude to **Dr. S. Höppner** for her continuous aid and helpful advices.

Special and grateful thanks are extended to **Prof. Dr. M. Seleim** for his valuable guidance, continuous encouragement and their help in preparing and writing this thesis.

Finally, it gives me a great pleasure to express my cardinal thanks to all **staff members, assistance (especially Mr T. Steinberg), technicians and workers** of Equine clinic, Fac. of Vet. Med. Free University, Berlin.
