

## **(12) Statement**

I submit to the “Medizinische Fakultät Charité der Freien Universität zu Berlin” my MD thesis titled “**Noninvasive evaluation of right atrial function in patients with secundum type atrial septal defect and in patients with corrected tetralogy of Fallot using 2-D echocardiography and tissue Doppler imaging**”.

This work originates from the “Deutsches Herzzentrum Berlin” with the support of **PD. Dr. med. Hashim Abdul Khaliq** and was performed without any other help. With the completion of this work no rights of third parties were infringed.

This work has not been sent to any internal or external faculties. The Faculty of Medicine of the Free University has the right to make copies of this work.

Berlin, in July 2004
