The mode of synaptic activation of pyramidal neurons in the cat primary somatosensory cortex: an intracellular HRP study.

1990, Exp. Brain Res. 80, S. 12-22

Erklärung an Eides Statt

„Ich, Volker Kunzmann, erkläre, dass ich die vorgelegte Dissertationsschrift mit dem Thema: ‚Elektrophysiologischer Nachweis langsam leitender Pyramidenbahnfasern‘ selbst verfasst und keine anderen als die angegebenen Quellen und Hilfsmittel benutzt, ohne die (unzulässige) Hilfe Dritter verfasst und auch in Teilen keine Kopien anderer Arbeiten dargestellt habe.“

Berlin, den 12.03.2008 Volker Kunzmann

Mein Lebenslauf wird aus Datenschutzgründen in der elektrischen Version meiner Dissertation nicht veröffentlicht.
