

8. Abkürzungen

AKD	akute Kontaktdermatitis (acute contact dermatitis)
AD	atopische Dermatitis
APZ	antigenpräsentierende Zellen
CD	cluster of designation
ELAM	endothelial leukocyte adhesion molecule
G-CSF	granulocyte colony stimulating factor
GM-CSF	granulocyte-macrophage colony-stimulating factor
HAM	homotypisches Adhäsionsmolekül
HIV	human immunodeficiency virus
HLA	humanes Leukozytenantigen
ICAM	intercellular adhesion molecule
IFN	Interferon
IL	Interleukin
LFA	leukocyte function antigen
MHC	major histocompatibility complex
MPE	makulopapulöses Exanthem
NSAR	nicht-steroidale Antiphlogistika
PECAM	platelet endothelial cell adhesion molecule
Th-Zellen	T-Helferzellen
TNF	Tumornekrosefaktor
UAW	unerwünschte Arzneimittelwirkung
VCAM	vascular cell adhesion molecule
VLA	very late antigen
