

9 Literaturverzeichnis

ABU DAMIR, H., PHILLIPPO, M., THORP, B. H., MILNE, J. S., DICK, L., NEVISON, I. M. (1994):

Effects of dietary acidity on calcium balance and mobilisation, bone morphology and 1,25 dihydroxyvitamin D in prepartal dairy cows.

Res. Vet. Sci. **56**(3), 310-318.

ADAMS, L. G., POLZIN, D. J. (1989):

Mixed Acid-Base Disorders.

Vet. Clin. North. Am.: Small An. Pract. **19**(2), 307-26.

ALLEN, W. M., SANSOM, B. F. (1993):

Parturient Paresis (Milk Fever) and Hypocalcemia (Cows, Ewes, and Goats).

In: Howard, J. L. (Hrsg.): Current Veterinary Therapy 3 - Food Animal Practice. 3. Aufl.

Philadelphia: W. B. Saunders Company. S. 304-307.

ANDREWS, J. M., GRINDEM, C. B. (2000):

Interpreting electrolyte, anion gap, and total carbon dioxide data.

Vet. Med. **95**(7), 548-553.

BAILEY, J. E., PABLO, L. S. (1998):

Practical approach to acid-base disorders.

Vet. Clin. North. Am.: Small An. Pract. **28**(3), 645-662.

BECK, N., WEBSTER, S. K. (1976):

Effects of acute metabolic acidosis on parathyroid hormone action and calcium mobilization.

Am. J. Physiol. **230**(1), 127-131.

BEENING, S. (1998):

Untersuchungen zu den Effekten einer Veränderung des Kationen-Anionen-Verhältnisses (DCAB) in Wiederkäuerrationen auf Parameter des Säuren-Basen-Status und auf die Mineralstoffbilanz.

Hannover: Tierärztliche Hochschule, Diss.

BENDER, S. (2002):

Einsatz der Harnuntersuchung zur Beurteilung des Säure-Base- und Mineralstoffhaushaltes im Rahmen der prophylaktischen Bestandsbetreuung von Milchviehherden.

Berlin: Freie Univ., Fachbereich Veterinärmedizin, Diss.

BENDER, S., STAUFENBIEL, R. (2003):

Vergleich der Auswirkung unterschiedlicher saurer Salze auf Parameter des Säure-Basen- und Mengenelement-Haushaltes in Harnproben von Milchkühen.

Tierärztl. Umschau **58**, 641-645.

BLOCK, E. (1984):

Manipulating dietary anions and cations for prepartum dairy cows to reduce incidence of milk fever.

J. Dairy Sci. **67**(12), 2939-2948.

BLOCK, E. (1994):

Manipulation of dietary cation-anion difference on nutritionally related production diseases, productivity, and metabolic responses of dairy cows.

J. Dairy Sci. **77**(5), 1437-1450.
